Codetrain Africa   Accra, Ghana
Software Engineering   Sep 2022 – Oct 2023

Kwame Nkrumah University of Science and Technology   Kumasi, Ghana
Bsc. Meteorology and Climate Science   Aug 2016 – Nov 2020

PROFESSIONAL EXPERIENCE

**Assistant Supply and Logistics Officer (National Service) -
Ghana Education Service, Korle Klottey Municipal Education
Directorate**   Sep 2020 – Aug 2021

- Slashed data entry time for municipal school records by setting daily targets, leading to a more streamlined and effective process.
- Simplified and digitized hard copy documents for easier accessibility and retrieval resulting in a 50% increase in file and data management efficiency.
- Optimized teaching and non-teaching staff acceptance confirmation process via SMS notifications, minimizing manual follow-ups and reducing stress at the municipal directorate.

Intern – Ghana Meteorological Agency   May 2019 – June 2019

- Streamlined the coding and decoding operations for meteorological data.
- Increased accuracy of data by logging meteorological instrument weather data.

EDUCATIONAL MILESTONE

- Led a team of six members in identifying and addressing major problems in Ghana's healthcare system, resulting in the development of a mobile application framework using Figma to address the lack of Centralized Patient Data System and Remote Consultation Services.

  ALX Africa
  June 2023 – July 2023
